

2022 Murray Ave Fall After-School Electives Program

Mandarin by ABC Languages

Wednesday | Grades K-2 | \$285

Nǐ hǎo ma! That's Mandarin for "Hi! How are you?" Learn this and other useful phrases in this new interactive after school club for kids who have never learned Mandarin before. In our class your child will learn short sentences and daily vocabulary such as greetings, introductions, colors, numbers and food through songs, movement and interactive games. The class will also focus on getting your child started on Pinyin and basic strokes of the Chinese characters in addition to learning about the fun aspects of the Chinese culture and traditions. Min 5/Max 8

Lights, camera, action! by LMC Media

Wednesday | Grades 3-5 | \$285

The class that puts the power of making video content into the hands of young students. This class begins with a basic overview of production, and dives deep with multi-camera, shoots, acting lessons, development of news programs, and fictional stories. At the end of the program students will have knowledge of key production terms and exhibit a level of comfort in camera operation that will empower them to create fun videos with friends, and, and even document family moments at home. If your child has a creative spirit or a knack for center stage, this is the class for them! Min 8/Max 12

Minecraft Education by MakeInspires

Wednesday | Grades 3-5 | \$192

This is not your Minecraft available at home! Students will explore aspects of Minecraft Education, a special version of Minecraft built for learning about computer logic, coding, chemistry, teamwork and more! Students Code "Agents," little minions, that assist them with collecting and building, but only if coded correctly! Ever increasing challenges and quests are bestowed upon the students, growing problem solving skills, patience and teamwork! Min 6/Max 10

Jazz/Hip-Hop Dance by Lara Cappiello

Wednesday | Grades 2-5 | \$240

Learning to coordinate your body to the rhythm of the music. You will learn syncopated movements as well as street style dance. Each week we will begin with a warm up followed by practicing basic steps. I will teach and choreograph a short combination that we will build on each week. By the end of the program the students will perform this on stage for their parents. Min 6/Max 12

Digital Photography by MakeInspires

Thursday | Grades 3-5 | \$192

Introduce students to basic photography skills, techniques, and mechanisms. Students review the parts of a camera and how these parts interact with each other. Students will learn about and practice different photography styles, angles, filters, and editing with iPad cameras and editing software. Skills and techniques are advanced through various challenge-based photography projects. Students learn to absorb their environment in new ways and find art in the world around them. This is a great precursor to Video Production & Filmmaking. Min 6/Max 10

"Fox in a Sleeping Bag" by Sew Happy Sewing, Inc.

Thursday | Grades 1-5 | \$240

"Fox In A Sleeping Bag" is a hand sewing project which includes a bookmark, fox stuffie in a sleeping bag and pillow. Students will learn how to thread a needle, tie a knot, make a lock stitch and the stitches used will be a straight stitch and a whip stitch. There will be cutting, pinning, matching pieces and stuffing, all of which improve fine motor skills and coordination. Safety is a priority and each week the students will be reminded of how to safely use the tools and materials required at a sewing class. Sew Happy instructors are also trained in classroom management to ensure the most successful class possible. We hope your child will join us! Min 8/Max 8

Inventions-n-Concoctions by Art-n-Orbit

Friday | Grades K-2 | \$336

Art-n-Orbit is a unique art and science program that focuses on children's creative spirit while they learn the fundamentals of art and science. Students will make their own exploding volcanoes, explore the universe, conduct fun science experiments, create spinning robots that zoom across the floor and much more. Every class is a hands-on, engaging, and educational adventure for boys and girls alike. Best of all, each week the children will leave class with their own tailor-made projects to show family and friends. These projects will be a true source of accomplishment and joy. New projects are featured each semester and year so that the children can continue the learning experience. Many of our projects are made from fun recycled materials. Min 8/Max 20
