

Jewelry & Beading Workshop | Regular & Advanced by BEADZ

Mondays | Grades K-5 | \$312

In this engaging, creative, hands-on class, students construct beautiful and high-quality beaded jewelry & accessories. Participants will use bead design boards and choose from gorgeous materials such as crystals, sea glass, ceramics, lead-free charms, artistic wire, and more to create fantastic keepsakes including necklaces, and bracelets. rings, keychains, bookmarks, hair accessories, room decorations, magnets, and many other fun items. New projects and techniques will be featured each week. All ages and levels are welcome and accommodated.

Crazy Chemworks

by MAD Science

Mondays | Grades K-2 | \$293

Come and spark imaginative learning with some MAD chemistry. Watch as we combine elements and make them fizz, crackle, and change color! We'll delve into molecules and chemical reactions that produce light, gas, and even slime. Some of the weekly topics in this session include Lab Works, Junior Reactors, p.H Phactor, Slime Time, the Glow Show, Dry Ice Capades, Icky Sticky Stuff, Chemistry Corner, The Mystery of Chem, and Kitchen Chemistry.

Circuit Adventures

by MakeInspires

Mondays | Grades 3-5 | \$281

Revamped for 2023-24, Circuit Adventures explores the world of electrons also known as electricity. Circuits are used in devices all around us, from light switches to computers and even cars! MakeInspires guides students through the specific elements of circuits and develops an understanding of key electricity concepts, such as voltage, positive and negative, batteries, LEDs, and more. Create paper circuit art and watch the creation come to life with electricity and light! Build batteries out of lemons! Put together an electric vehicle or a fan-propelled car to take home! Circuit Adventures enlightens students about how all electronics work around us, providing a base knowledge for all technology!

French for Native Speakers K-1

by Alliance Française of Westchester

Mondays | Grades K-1 | \$364

The Alliance Française of Westchester and Bespoke Education are excited to announce a comprehensive French program specifically designed for French-speaking students, ranging from kindergarten to 1st grade, in Westchester public schools. This innovative program will provide native French speakers with a unique opportunity to receive high-quality French instruction, comparable to the standards set in France. Our classes are exclusively led by experienced native French teachers who ensure a comprehensive and immersive learning experience tailored to each student's grade level. This program has been made possible thanks to a grant received by the French government.

Chess

by Alan Abrams

Mondays | Grades 2-3 | \$325

Students study the opening, middle game, and endgame tactics through actual games played, learn to notate games and play against the instructor.

Narwhal Sewing

by Sew Happy Sewing

Tuesdays | Grades 1-5 | \$312

Narwhals is an ocean-inspired project starting with a bookmark as an introductory learn-to-sew project, followed by a decorative bunting with musical narwhal designs, and a pillow with a choice of appliqué for students to choose from.

DJ 101

by The Music Team

Tuesdays | Grades 2-5 | \$325

The fun never stops with the Party Mix! During your sessions, participants will learn all the basic knowledge needed to spark their DJ career. They will learn how to create playlists for specific parties, how to blend, tons of DJ tricks, scratching, and most importantly how to rock a crowd!!

Registration will be live August 1st

Little Scientist by MakeInspires

Tuesdays | Grades K-2 | \$240

Little Scientists sparks the interest of K-2 students through fun and educational experiments. Ranging from balloon rockets to making lightning, students learn about surface tension, matter, exothermic reactions, acids, bases, and catalysts! Students take home their experiments & creations when applicable.

Engineering Adventures by MakeInspires

Tuesdays | Grades 3-5 | \$240

Working through hands-on engineering design problems, students will hone their technical problem-solving skills while completing fun and challenging activities! Our makers in training will explore the facets of engineering: electrical with circuitry, mechanical with catapults, civil with bridges, and so much more! This course is the perfect jumping-off point for any maker who is curious about engineering and design or as a follow-up to Little Builders!

Chess by Alan Abrams

Tuesdays | Grades 4-5 | \$325

Students study famous games played with an emphasis on tactics, notating games, and playing against the instructor.

For the Love of Art by Lydia Hassan

Thursdays | Grades K-2 | \$260

Create together after school in "For the love and art" class. Paint, draw, build sculptures, make mosaics, mobiles, and paper mâché.

MusicStart Keyboarding by The Music Path Co.

Thursdays | Grades K-3 | \$221

MusicStart® is a patented progressive music learning system that balances fun and development of skills. Using familiar songs, it teaches all the necessary basics to get started playing music. The MusicStart® Keyboard uses 4 instructive Attachments that vary the challenge from color matching to letter matching to note matching and reading standard musical notation. MusicStart® is a preparation for (or a supplement to) playing any instrument and teaches step-by-step problem-solving. All materials are provided. Both new and repeat students are welcome and will be appropriately challenged. VISIT WWW.BEGINMUSIC.COM FOR MORE INFORMATION AND AN ONLINE VIDEO OF MUSICSTART IN ACTION

Rocketry by MakeInspires

Thursdays | Grades 3-5 | \$240

Welcome to the thrilling world of Rocketry! Join MakeInspires for an immersive journey into the captivating history and awe-inspiring science behind rockets. Through hands-on projects, participants will unravel the principles of propulsion, aerodynamics, and space travel. Through interactive demonstrations and hands-on experiments, young space enthusiasts will construct and launch their rockets, applying newfound knowledge to achieve soaring success.

Improv/Theatre By Rachel Nicks

Thursdays | Grades K-5 | \$312

A safe space for your child to Get into their body. Find their voice. Free their spirit. Explore their imagination. This improv class is open to students from K-5 grade. Your instructor Rachel Nicks is a graduate of the Juilliard School. She unlocked her passion for acting in the 8th grade when she played a Flamingo in the school play. She has enjoyed a Theatre, Television, and Film career since 2006. She is a Ward mom and is thrilled to share her passion for acting with the Ward community.

Registration will be live August 1st

Beginner Spanish by ABC Language

Thursdays | Grades K-2 | \$312

¡Hola! ¿Cómo estás? That's Spanish for Hi! How are you? Learn this and other useful phrases in this new interactive after-school club for kids who have never learned Spanish before. In our class, your child will learn short sentences and daily vocabulary such as greetings, introductions, colors, numbers, and food through songs, movement, and interactive games. The class will also focus on getting your child started on reading and writing Spanish words and simple short sentences in addition to learning about the fun aspects of the culture and traditions of Spanish-speaking countries! Please bring a plastic folder, notebook, and pencil.

Mix Arts

by Plaster Palace

Fridays | Grades K-5 | \$292

Enjoy pottery painting (mugs, banks, etc), making your own graffiti shirt, learning about mosaics and finally creating different slimes (glitter slime, Halloween slime, etc)

Guitar for Beginners

by The Music Path Co.

Fridays | Grades 2-5 | \$221

Learn the basics and foundations of playing the guitar. Technique, scales, chords, melodies, and songs will all be covered. We promise to teach you as many real songs as possible! This class is a great introduction for students who might then proceed to a private teacher. We will get your hands picking, strumming, and fretting. An electric or acoustic guitar is okay (no amplifier required).
Materials: Bring in a guitar you already own, or we recommend First Act guitars online as an inexpensive solution (starting around \$40). You must bring a guitar.

21st Century Engineering: Wind Energy by iCamp

Fridays | Grades 2-5 | \$364

Step into the world of sustainable technology and embark on an exciting journey! Tailored for aspiring engineers and environmental enthusiasts, this dynamic course invites students to dive deep into the science and engineering behind harnessing the power of the wind. Throughout the program, participants will explore key concepts such as aerodynamics, turbine efficiency, and renewable energy integration. From hands-on experimentation to testing prototypes and optimizing designs for maximum performance, students will gain practical experience and valuable insights into the challenges and opportunities of wind energy innovation in the 21st century. Join us as we embark on a thrilling expedition to discover and harness the incredible power of our planet's renewable resources!

Inventions-n-Concoctions

by Art-n-Orbit

Fridays | Grades K-1 | \$416

Art-n-Orbit is a unique art and science program that focuses on children's creative spirit while they learn the fundamentals of art and science. Students will make their own exploding volcanoes, explore the universe, conduct fun science experiments, create spinning robots that zoom across the floor and much much more. Every class is a hands-on, engaging and educational adventure for boys and girls alike. Best of all, each week the children will leave class with their own tailor-made projects to show family and friends. These projects will be a true source of accomplishment and joy. New projects are featured each semester and year to year so that the children can continue the learning experience. Many of our projects are made from fun recycled materials.

Registration will be live August 1st

French for Native Speakers 2-5
by Alliance Française of Westchester
Fridays | Grades 2-5 | \$364

The Alliance Française of Westchester and Bespoke Education are excited to announce a comprehensive French program specifically designed for French-speaking students, ranging from 2nd to 5th grade, in Westchester public schools. This innovative program will provide native French speakers with a unique opportunity to receive high-quality French instruction, comparable to the standards set in France. Our classes are exclusively led by experienced native French teachers who ensure a comprehensive and immersive learning experience tailored to each student's grade level. This program has been made possible thanks to a grant received by the French government.

KidzZen Botanical Lab
by KidzZen

Fridays | Grades K-5 | \$396

Welcome to Kid Zen Botanical Lab where we promote wellness through science. We explain why wellness is essential for kids and the importance of non-toxic products. Wellness is a crucial aspect of a child's development, influencing their physical health, mental well-being, and overall quality of life. Teaching kids about wellness from a young age helps instill healthy habits that can last a lifetime. Children are particularly sensitive to environmental toxins and chemicals found in many conventional products. By using non-toxic, natural ingredients, we can help protect their health and reduce their exposure to harmful substances, promoting a safer, healthier environment. The children will be creating their own soaps, shampoos, calming oil, lavender car and home sachets, shower steamers and much more. Benefits: Enhancing fine motor skills and creativity. Providing a hands-on experience where kids learn about the properties of plants and flowers, fostering a sense of self-sufficiency

Registration will be live August 1st
