

Webster Elementary Fall 2025 Electives Program Catalog

Fashion Design for Kids

By Christy Teloh

Mondays | Grades 2-5 | \$364

Are you obsessed w/ fashion and love making beautiful things? Do you like being creative? We have crafted a class just perfect for you!! Join us for a true fashion experience. Curriculum created by a NYC fashion designer. This Spring we will introduce students to the elaborate world of fashion- from concept to collection. The students will: CONCEPT/MOOD BOARD- COLOR PALETTE- ILLUSTRATION- TEXTILES- TREND SPOTTING- STYLING- SILHOUETTE/SHAPE/PROPORTION- SUSTAINABILITY IN FASHION- DESIGN – Fabric and trim Manipulation- BASIC EMBROIDERY & more! All materials are provided and students keep the designs they create.

Art Class

by KidzZen

Mondays | Grades K-2 | \$351

Our art classes are designed to nurture artistic talents, encourage self-expression, and develop an appreciation for various art forms. These classes offer a wide range of projects that positively influence children's cognitive, emotional, and social development, providing a supportive and enjoyable learning environment. The program promotes creativity, imagination, and self-expression while enhancing fine motor skills and critical thinking. Children are introduced to diverse artwork from various cultures and artists, fostering an appreciation for diversity and expanding their understanding of art across different contexts.

Robot Builders

by Brooklyn Robot Foundry

Mondays | Grades 1-2 | \$385

Brooklyn Robot Foundry really knows how to get the fun flying. And driving, spinning, lighting up, shaking, - you get the idea! Join us for our amazing after-school classes this fall. We lead children in building really cool robots, teaching them the fundamentals of engineering along the way. Each week we introduce a new robot project, which children build and take home afterward. By pairing real electronics with kid-friendly materials and our signature approach to building, learners at all levels of experience are able to make amazing projects with us. And let's not forget the creativity- each child's imagination is an integral piece in bringing these whimsical designs to life!

Little Robotics

by MakeInspires

Mondays | Grades K-2 | \$292

Ignite curiosity and problem-solving skills through hands-on robotics! Students will explore multiple types of robots, encouraging creative, play-based learning as they design mazes, develop coding skills, and tackle robotics challenges. They'll dive into engineering and coding concepts such as inputs, outputs, loops, and more... nurturing computational thinking in a fun and engaging way. This class builds confidence, fosters creativity, and makes STEAM concepts accessible and exciting for young learners.

Crocheting & Knitting K-2

by KidzZen

Tuesdays | Grades K-2 | \$416

To introduce children to the fundamentals of knitting and crocheting in a fun, hands-on environment that promotes creativity, patience, and fine motor skill development. Students will learn basic stitches, complete simple projects, and gain confidence in their ability to create with yarn. The class also encourages focus, self-expression, and a sense of accomplishment through crafting.

Crocheting & Knitting 3-5

by KidzZen

Tuesdays | Grades 3-5 | \$416

To introduce children to the fundamentals of knitting and crocheting in a fun, hands-on environment that promotes creativity, patience, and fine motor skill development. Students will learn basic stitches, complete simple projects, and gain confidence in their ability to create with yarn. The class also encourages focus, self-expression, and a sense of accomplishment through crafting.

Mini Makers: Island Adventure

by iCamp

Tuesdays | Grades K-2 | \$364

Throughout the adventure, students will take on new challenges each week, from crafting tools to designing fun inventions. By embracing trial and error and working together, our young makers will unlock their creativity and problem-solving skills. The goal is to have fun, learn how to make the most of limited resources, and discover just how much can be accomplished with a little imagination. Ready for the adventure? Let's see what our creativity can build on Maker Island!

Slime Chemistry

by iCamp

Tuesdays | Grades 3-5 | \$364

Welcome to the weird world of slime in this chemistry-themed science class! In this exciting course, young scientists will delve into the fascinating properties of slime, discovering its stretchiness, gooey texture, and mesmerizing colors. Through hands-on experiments and playful activities, students will uncover the science behind slime, learning about polymers and the unique combination of ingredients that create this captivating substance. Get ready for a messy and memorable journey as we dive into the slime-filled wonders of chemistry and sensory exploration!

Junior Explorers

by MAD Science

Tuesdays | Grades K-2 | \$358

Join Mad Science this session and discover why science is the real star on the big screen. You'll create cool sound effects and build your very own robot hand to take home in a class that focuses on technology. Harness the sun's heat and ramp up a power generation station. Get linked into a network and work with radio signals. Conduct hands-on experiments that will provide the opportunity to explore the force of gravity and even defy gravity! Some of the classes in this session include: Movie Effects, Sonic Sounds, The Science of Toys, Radical Robots, and Great Gravity.

Registration will be live on August 4th at 9 am

Mix Media Arts by Plaster Palace

Wednesdays | Grades K-5 | \$292

Children will paint their personal plate or mug: it will be food and dishwasher safe after a week. Create various slimes: Halloween slime, clear slime etc. Learn about mosaic techniques on wooden plaques and finally create their own graffiti design on a shirt/tote bag. Fun and educational class for all ages!

Cooking Class By KidzZen

Wednesdays | Grades K-1 | \$416

In our cooking classes, we will teach you how to make everything from your favorite dishes to quick and easy snacks you'll love. We blend the joy of cooking with essential safety principles, creating a holistic and engaging learning experience. You'll practice skills like cutting, mixing, and crafting your own toppings in a fun and safe environment.

Guitar for Beginners by The Music Path

Wednesdays | Grades 2-5 | \$195

Learn the basics and foundations of playing the guitar. Technique, scales, chords, melodies, and songs will all be covered. We promise to teach you as many real songs as possible! This class is a great introduction for students who might then proceed to a private teacher. We will get your hands picking, strumming, and fretting. An electric or acoustic guitar is okay (no amplifier required).

Materials: Bring in a guitar you already own, or we recommend First Act guitars online as an inexpensive solution (starting around \$40). You must bring a guitar.

Crayola: World of Design by MAD Science

Wednesdays | Grades K-2 | \$358

Take a journey to the farthest reaches of the imagination while learning about the ocean, Mars, a futuristic city, and more! We'll create Movie posters, map out universal tree houses, develop comic book characters and much more. Spend each week experimenting with Crayola® products and many art techniques like sculpting, collage, and mixed media. Discover different design careers and use the design thinking process to solve real-world problems.

Beginner Spanish by ABC Language

Wednesdays | Grades K-2 | \$312

¡Hola! ¿Cómo estás?. That's Spanish for Hi! How are you? Learn this and other useful phrases in this new interactive after school club for kids who have never learned Spanish before. In our class your child will learn short sentences and daily vocabulary such as greetings, introductions, colors, numbers and food through songs, movement and interactive games. The class will also focus on getting your child started on reading and writing Spanish words and simple short sentences in addition to learning about the fun aspects of the culture and traditions of Spanish speaking countries!

Hedgehog House

By Sew Happy Sewing

Thursdays | Grades 1-5 | \$312

Hedgehog House is an adorable fabric basket decorated with a "little-house-in-the-woods" design. The introductory project is a bookmark, the main project is a basket with a pocket and a handle, and additional projects include a small stuffed hedgehog, a blanket, and a keychain.

MusicStart Keyboarding by The Music Path

Thursdays | Grades K-3 | \$195

MusicStart® is a patented progressive music learning system that balances fun and development of skills. Using familiar songs, it teaches all the necessary basics to get started playing music. The MusicStart® Keyboard uses 4 instructive Attachments that vary the challenge from color matching to letter matching to note matching and reading standard musical notation. MusicStart® is a preparation for (or a supplement to) playing any instrument and teaches step-by-step problem-solving. All materials are provided. Both new and repeat students are welcome and will be appropriately challenged.

VISIT WWW.BEGINMUSIC.COM FOR MORE INFORMATION AND AN ONLINE VIDEO OF MUSICSTART IN ACTION

Circuit Adventures by MakeInspires

Thursdays | Grades 3-5 | \$302

Circuit Adventures explores the world of electrons, also known as electricity. Circuits are used in devices all around us, from light switches to computers and even cars! MakeInspires guides students through the specific elements of circuits and developing an understanding of key electricity concepts, such as voltage, positive and negative, batteries, LEDs, and more. Create paper circuit art and watch the creation come to life with electricity and light! Build batteries out of lemons! Put together an electric vehicle, a fan-propelled car, to take home! Circuit Adventures enlightens students about how all electronics work around us, providing a base knowledge for all technology!

Tennis by TGA

Thursdays | Grades 1-4 | \$292

TGA offers ways to play year-round. No matter when or how you choose to play with TGA, equipment is provided and all skill levels are welcome. We teach kids the game of tennis through easy-to-understand concepts & interactive games that are fun and engaging. Using skill-based drills that can be done anywhere (indoors or outdoors, at school, or on the tennis court), students develop the fundamentals, explore academic concepts through game play, and practice life skills, such as sportsmanship and respect.

Registration will be live on August 4th at 9 am
